

# 35 years of conveyancing experience

their lives – buying or selling a house.

“People get excited and it’s nice to see happy clients at the end of the process,” Trevor said.

Trevor and his team are happy to give advice and guidance to people before they enter into contracts.

The firm’s conveyancing role consists mainly of residential and commercial property settlements for land, sale and purchase of businesses, land divisions, matrimonial and family transfers

and private contracts in the event of a private sale.

Living locally for many years, Trevor’s knowledge of the Adelaide Hills is exceptional, which is why many clients come back time after time for his conveyancing services.

“Most of our work comes from word of mouth and because of my local knowledge and experience,” Trevor said.

“Our team has grown to five

people to cater for demand in the growing town of Mount Barker.”

“Plus of course we complete transactions for properties in all parts of the state even as diverse as dug-outs in Coober Pedy.”

The Trevor Tapp Conveyancing philosophy is undoubtedly to put their clients’ interests above all else.

“Our clients are our number one,” Trevor said.

“We pride ourselves on our attention to detail and efficiency.”

There is a huge difference between a conveyancing firm in the city and Trevor Tapp Conveyancing in Mount Barker.

“Here in the Hills we like to meet with people face to face so that we can build up a rapport with customers,” Trevor said.

“In the city most contact is made through the mail.”

Trevor Tapp Conveyancing is conveniently located at 50 Hutchinson Street, Mount Barker and has ample parking for those who want to stop by or make an appointment. For more information call the office on 8398 2629.

by Alannah James

There is something refreshing about a local with 35 years of conveyancing experience (25 of those years locally) helping other locals to buy or sell property.

Trevor Tapp from Trevor Tapp Conveyancing in Mount Barker considers it a huge privilege to be able to help people in what is typically the biggest event in
